Dear Steve:

On behalf of myself and our team at AOL/Relegence, I would like to say thank you for the terrific presentation portfolio that MSC created for our recent Securities Industry Association exhibit and conference at the New York Hilton.

As you are aware, this 'show' effectively kicked off our launch of a new product—in fact our first product since AOL purchased Relegence—aimed at leveraging AIM for institutional financial services traders and brokers. As a result, it was critical that we select a creative partner who could effectively and efficiently work within our time frame, budget, and resource constraints and still execute brilliantly for us. Your team succeeded beyond our senior management's most bullish expectations. We were able to clearly demonstrate the new product's value proposition to our customers, staff, press, and industry pundits almost entirely based on the excellent multimedia presentation created by MSC.

Your team demonstrated a quick-to-learn attitude, an ability to improve on our ideas and concepts, and perhaps most importantly deliver a flexible, high quality flash presentation on time and within our budget. We intend on 'extending' the initial implementation of the FinAIM presentation into our website and sales collateral materials.

Thanks again for a great performance that enabled AOL/Relegence to also deliver one.

Best,

Larry Joyce
Senior Vice President, Products

THANKS!
