Dear Ed:

I just wanted to drop you a note of thanks to you and your team for an outstanding job on the recent redesign of our corporate website. We are beyond pleased with the results and it has been a pleasure to work with your team.

Multimedia Solutions was more than just a vendor...during this project you became part of our team and your vision and dedication to delivering a highest-quality and impactful website ensured that the finished project was a success. In fact, we have received nothing but kudos from individuals both inside and outside of PDI for our new site – ***congratulations on delivering a winner!***

Best regards,
